

LUDDENDEN CONSERVATION SOCIETY

Newsletter – September 2021

Luddenden Conservation Society is recruiting!

We'll be at Luddenden **Mayor Making** on **Saturday 11th September**.

The society has some funding available for possible new projects around the village, such as

- Natural environment
- Flood prevention
- Energy generation
- Village amenities
- Local history
- Planning

We need local people who wish to lead or be involved.

Come along to meet us and to put your point of view as to how we can further improve the environment of Luddenden.

We'll also be holding an open meeting, including a short Annual General Meeting, at 7pm on **Monday 27th September**, in the Upper Room of St Mary's Church. Following the AGM there will be plenty of opportunity to help us prioritise future work and new initiatives.

Do come along
